There is also a LSIP Strategic Communications Group looking at how to clarify, simplify and amplify messages to employers and communicate with learners.</p> <p>The Dorset Skills Day was a success and there was positive and helpful feedback. It is planned to repeat it next year if viable.</p> <p>NN noted that the Board will sign off the next report (expected in late May) – Partners will need to provide an update on their activity that is related to LSIP findings. A template will be shared with new Priorities.
